

Greenspace Matters

City Election - Oct 26 2022

OURS-Winnipeg - ourswinnipeg@live.ca

Ask your candidates how they are going to support the acquisition of 1000 additional acres of new greenspace for Winnipeg.

City of Winnipeg Planning Documents approved May 2022 require the creation of

- Master Greenspace and Natural Corridors Plan By-law,
- Biodiversity Policy,
- 1000 additional acres of park.

Essential for:

- building a climate resilient city
- mitigation and adaptation to flood, drought, temperature extremes
- supporting public health
- child health and development
- preservation of biodiversity, nature, wildlife
- protection of river and natural corridors
- acquisition of greenspace and natural areas
- saving our Tree Canopy
- having a coordinated plan

Everyone should be concerned about the future for our children.
