

Minute No. 545

Report – Alternate Service Delivery Committee – July 6, 2012

Item No. 4 Winnipeg Golf Services Special Operating Agency - 2012 Business Plan (Selection Report)

COUNCIL DECISION:

Council concurred in the recommendation of the Alternate Service Delivery Committee and adopted the following:

1. That the 2012 Business Plan (Selection Report) for Winnipeg Golf Services Special Operating Agency including the 2011 budget be approved and the 2013 and 2014 financial projections, as outlined in Appendix A, be received as information.
2. That an operating line of credit increase from \$6.0 million to \$6.5 million to support the Winnipeg Golf Services Special Operating Agency be approved, said funds to be accessed through the inter-company balance with the General Revenue Fund at the City's short-term borrowing rate to meet ongoing cash flow requirements of Winnipeg Golf Services.
3. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

Report – Alternate Service Delivery Committee – July 6, 2012

DECISION MAKING HISTORY:

Moved by Councillor Fielding,

That the recommendation of the Alternate Service Delivery Committee be adopted.

Carried

EXECUTIVE POLICY COMMITTEE RECOMMENDATION:

On July 11, 2012, the Executive Policy Committee concurred in the recommendation of the Alternate Service Delivery Committee, and submitted the matter to Council.

COMMITTEE DECISION:

On July 6, 2012, the Alternate Service Delivery Committee concurred in the Recommendation 3, of the Winnipeg Public Service and appointed the following Advisory Board members for a two-year term: namely:

- John Irvine, Appointee of the Canadian Union of Public Employees
- Al Shane, Agency Staff Representative
- Rob Officer, Stakeholder Representative
- Frank Pammer, Stakeholder Representative
- Betty Grant, Stakeholder Representative
- Iain Day, Chief Operating Officer (ex-officio)

COMMITTEE RECOMMENDATION:

On July 6, 2012, the Alternate Service Delivery Committee concurred in the Recommendations 1, 2 and 3 of the Winnipeg Public Service and submitted the matter to the Executive Policy Committee and Council.

Further on July 6, 2012, Dave Sauer, Winnipeg Labour Council, submitted a presentation dated July 6, 2012 with respect to the Winnipeg Golf Services Special Operating Agency - 2012 Business Plan (Selection Report).

RECOMMENDATIONS

1. That the 2012 Business Plan (Selection Report) for Winnipeg Golf Services Special Operating Agency including the 2011 budget be approved and the 2013 and 2014 financial projections, as outlined in Appendix A, be received as information.
2. That an operating line of credit increase from \$6.0 million to \$6.5 million to support the Winnipeg Golf Services Special Operating Agency be approved, said funds to be accessed through the inter-company balance with the General Revenue Fund at the City’s short-term borrowing rate to meet ongoing cash flow requirements of Winnipeg Golf Services.
3. That the Agency’s Advisory Board membership be approved as set out in Appendix B.
4. That the proper officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

IMPLICATIONS OF THE RECOMMENDATIONS

- The green fees for 2012 will be held at 2011 rates.
- The number of rounds used to calculate the green fee revenue is based on 100,000 rounds and a typical prairie golf season of 195 days.
- The Agency is projected to exceed its line of credit in 2012 due to shortfalls in green fee revenues. The increase is due to the second successive year of poor weather during in the spring/early summer and the Seine River flooding at Windsor Park.
- An increase in the line of credit from the current \$6,000,000 to the recommended \$6,500,000 will provide the Agency with adequate operating funds for 2012.

HISTORY

Winnipeg Golf Services' Operating Charter stipulates that a business plan (selection report) be submitted to Council each year.

Winnipeg Golf Services was designated as a Special Operating Agency effective January 1, 2002.

FINANCIAL IMPACT

Financial Impact Statement

Date: July 3, 2012

Project Name:

**Winnipeg Golf Services (WGS) Special Operating Agency - 2012
Business Plan (Selection Report)**

COMMENTS:

The recommendations contained in this report include that the operating line of credit increase from \$6.0 million to \$6.5 million to support the Winnipeg Golf Services Special Operating Agency, said funds to be accessed through the inter-company balance with the General Revenue Fund at the City's short-term borrowing rate to meet ongoing cash flow requirements of Winnipeg Golf Services. It should be noted that the amount of the line of credit accessed by the Agency will be offset by an equal amount due to the General Revenue Fund.

The financial implications of the proposed 2012 business plan are as laid out in the attached Appendix A-1.

APPENDIX A

WINNIPEG GOLF SERVICES: 2012 BUSINESS PLAN (SELECTION REPORT)

Overview

This report outlines a 2012 budget and operating plan for Winnipeg Golf Services (WGS) Special Operating Agency. 2012 will be the tenth year of operation for WGS. The Agency encompasses the operation and contract management of 12 golf course properties in Winnipeg generally categorized as follows:

City Operated and Maintained

Kildonan Park Golf Course
Windsor Park Golf Course
Crescent Drive Golf Course

Leased Properties

Rossmere Golf Course
St. Boniface Golf Course
Transcona Golf Course
Wildewood Club Golf Course
Assiniboine Golf Course
Canoe Club Golf Course
Tuxedo Golf Course

Managed Contracts

John Blumberg Golf Course
Harbour View Golf Course and Recreation Complex (contractor operated; City maintained)

Strategic Direction

WGS continues to compete in the competitive Winnipeg golf market. The market is well served with a wide range of types of courses ranging from private and semi-private championship quality courses to short, practice courses that are oriented to beginners and families. In all, there are approximately 50 courses within a 70 kilometre radius of Winnipeg.

Following direction from Council on May 25, 2011 and from the Alternate Service Delivery Committee on June 16, 2011, WGS issued an Expression of Interest (EOI) for

one or more of seven of its golf courses – Kildonan Park, Windsor Park, Crescent Drive, Harbour View, Canoe Club, John Blumberg and Tuxedo.

The EOI invited submissions for the purchase for commercial/residential development of the golf course land, or the long term lease and operation of the course by the private sector or any other innovative uses of the land for one or more of the courses. Currently, WGS is reviewing the submissions.

SOA Financial Return

For 2012, the Agency is forecasting a loss of \$863,551, which is \$144,317 less than the \$1,007,868 loss for 2011 adopted budget. In 2011, as in 2010, weather conditions were unfavorable for golf. There was intermittent rain until June which resulted in flooding and poor playing conditions at Crescent Drive and Windsor Park. The flooding meant that Crescent Drive did not open until mid-May and Windsor did not open all 18 holes until mid- August. Revenues from green fees and equipment rentals are projected to be slightly higher in 2012.

In 2010, the operating revenues and expenditures were revised to reflect a more realistic return based on a three-year average for the 2007, 2008 and 2009 seasons of 100,000 rounds. This revised three-year average has been used for the 2012 business plan.

Fees for the 2012 golf season

WGS is proposing to hold the green fee rates for 18 holes at \$31 for 2012. By holding the rates steady in 2012, the Agency is focusing on stabilizing the rounds played at the courses. Fees for the 2012 golf season, as well as fee information dating back to 2002, is contained in Appendix A-2.

WGS is holding the rates steady as the golf courses have not shown an increase in the value of the golfing experience that justifies increasing the fees. This is especially pertinent given the delays in opening the course due to spring flooding, the unreliable summer weather and the poor playing conditions of last three years.

Holding the green fee rates at \$31 for 2012 is expected to increase the number of rounds played at the municipal courses following a 10% decline in rounds for 2011. Kildonan Park rounds in increased in 2011 by 3,065 or 10% over 2010. However, there was a 28% decline in rounds at Windsor Park (-6,843 rounds), a 20% decline in rounds at Crescent Drive (-4,288), and 9% decline in rounds at Harbour View (-1,810) over the same period. Appendix A-3 provides an account of the rounds played at Windsor Park, Kildonan Park, Crescent Drive and Harbour View golf courses since 1993.

WGS periodically surveys the fee structure of other public and semi-public courses within the Winnipeg market to determine market-pricing trends. By not increasing the green fees for 2012, WGS is expected to remain competitive in the Winnipeg market.

Service Goals and Strategies

The following summarizes goals and key strategies the Agency employs in its business operations:

GOAL	STRATEGIES	STATUS
Maximize green fee revenues	<ol style="list-style-type: none"> 1. Increase green fees in accordance with market demand. 2. Target market to consumers. 3. Gradually increase proportionate amount of seniors fees. 4. Establish Municipal courses as user friendly. 	<p>Assess annually – fees remain same as 2011.</p> <p>Promotions targeted to adult regulars (twilight, afternoon specials).</p> <p>Senior fees remain same as 2011.</p> <p>Promotion depicts fun, inviting atmosphere for women, juniors and new golfers (e.g. 'kids play free' at 9 hole courses accompanied by adult).</p>
Improve golf course playability	<ol style="list-style-type: none"> 1. Engage golf course architect to prepare improvement master plan. 2. Assess maintenance practices, methods and schedules to optimize playing conditions. 3. Make immediate maintenance improvements to demonstrate intent. 	<p>Master Plan completed and improvements ongoing (e.g. tree planting, cart paths, etc.).</p> <p>Continuously assessed and improvements implemented. New equipment purchased to improve playability (e.g. greens aerator, fairway mower).</p> <p>Greens covers purchased to improve spring playability, greens cut prior to the start of daily play, new tees built, drainage improvement projects completed, and new irrigation pump.</p>
Provide high quality customer service	<ol style="list-style-type: none"> 1. Develop customer service strategy. 2. Customer service training. 3. Customer feedback to 	<p>Manitoba Best customer service program adopted.</p> <p>Manitoba Best training for clubhouse and maintenance staff is ongoing. Managing Excellence attended by supervisory staff.</p> <p>E-mail announcements of special</p>

GOAL	STRATEGIES	STATUS
	evaluate effectiveness. 4. Standardize counter service techniques.	offers. Clubhouse staff and starters provide consistent service as per training.
Sustainable environmental initiatives	1. Minimize use of harmful chemicals. 2. Naturalization strategies.	Staff certified in pesticide application and integrated Pest Management in accordance with Provincial regulations, chemical application minimized. Habitat assessment complete, European Buckthorn removed, wildflower and natural vegetation plantings initiated.
Improve image of Municipal golf courses	1. Establish and implement etiquette and speed of play guidelines. 2. Sponsor community events and charities.	Golfers are continuously educated on golf etiquette; the introduction of course marshals helped improve speed of play. Donations and sponsorships given to charities and events that promote the golf courses.
Corporate sponsorship	1. Attain sponsorship for new programs.	Sponsors solicited for special events and tournaments. Tee marker sign advertising is growing.
Improve merchandise sales	1. Introduce new items for sale. 2. Redesign / redecorate pro shops. 3. Market to non-golfers. 4. Major promotions.	Clothing line introduced, new product lines continually assessed. Pro shops modernized, displays changed regularly. Mobile signs attract non-golfers to courses and pro shops. Fathers Day/Mothers Day, fall, Christmas, end of season clearance promotions.

GOAL	STRATEGIES	STATUS
Improve food and beverage sales	<ol style="list-style-type: none"> 1. Assessment of food and beverage operation. 2. Monitor food and beverage service. 3. Cross promotions. 4. Visual upgrade of concessions. 	<p>Longer term contracts for food services at Kildonan, Windsor and Harbour View provide stability.</p> <p>Daily monitoring done by golf course staff; weekly reviews held with food contractor during the season; food specials.</p> <p>Concession operator aggressive in promoting food specials for tournaments.</p> <p>General appearance improved with new signage and visual enhancements.</p>
Increase auto cart revenues	<ol style="list-style-type: none"> 1. Assess auto cart usage and financial return. 	<p>Auto cart fleet increased to 100 cars</p>
Administer golf course leases	<ol style="list-style-type: none"> 1. Renegotiate leases as they expire. 	<p>All expired leases have been renegotiated and executed.</p> <p>New lease at Crescent Drive for spa development.</p>
Administer agreements for contracted courses	<ol style="list-style-type: none"> 1. Review green fees in consultation with contractors. 2. Review Harbour View operation to streamline reporting relationships. 	<p>Consultation done annually and fees adjusted as market allows.</p> <p>Ongoing – monthly meetings with departmental managers.</p>
Manage Cross Country Ski operations and trail grooming	<ol style="list-style-type: none"> 1. Administer agreement with Cross Country Ski Association of Manitoba. 	<p>Review proposal for longer term arrangement with Association.</p>

Financial Performance

Financial statements are attached as Appendix A-1 and include a Projected Statement of Financial Position, a Projected Statement of Operations and Deficit, a Projected Statement of Cash Flows, a Projected Statement of Equity as well as Notes to the Financial Projections.

For 2012, the Agency is forecasting a net loss of \$863,551, which is \$144,317 less than the \$1,007,868 net loss for 2011 adopted budget.

Because of the projected increase in the deficit, the Agency is recommending an increase in the line of credit from the current \$6,000,000 to \$6,500,000. The increase will provide the Agency with adequate operating funds for 2012.

As mentioned previously, the revenue and expense projections were revised in 2010 to reflect the recent experience of declining rounds. An average of 100,000 total rounds is now used instead of 110,000 rounds based a typical prairie golf season of 195 days.

The projections for 2013 to 2014, in Appendix A-1, reflect those for 2012 and are premised on market conditions and all other factors remaining constant and an annual inflation rate of 3%.

Human Resource

The Agency currently operates with 4 permanent staff and 51 seasonal staff. The four permanent positions include a new WAPSO position which was added in 2011 – the golf courses coordinator position.

Information Technology

Recent technology upgrades included the automation of the golf courses' financial and statistical reporting and daily timekeeping activities. Access to the City's network at the clubhouses was established for communication and information purposes. WGS purchased an automated tee time booking system which was implemented for the 2009 golf season and allows customers to book on line, through 311 or by calling the clubhouse.

Physical Asset Management

The Agency manages a variety of material assets in overseeing the operation of 12 sites. These assets are categorized as follows:

- Land;
- Buildings and other physical structures;
- Turf maintenance equipment;
- Furnishings, tools and other miscellaneous small equipment.

Winnipeg Golf Services is responsible for the servicing and administration of its turf maintenance equipment. Equipment servicing is done by a combination of internal (WGS maintenance worker) and external (equipment service contractor) sources. Mowing equipment is nearing the end of its life expectancy. New equipment (leased or purchased) will be acquired as appropriate in order to ensure a reasonable level of maintenance.

More drainage projects need to be carried out at Kildonan and Windsor golf courses to improved drainage and enhanced playability especially given the wet conditions of the last two seasons. A new irrigation pump was installed at Kildonan.

With new food services contracts for the golf courses, kitchen equipment was replaced and/or upgraded at Kildonan, Windsor and Harbour View golf courses.

In-ground fuel tanks were replaced with above ground tanks at the all golf courses. The sewage treatment plant at the John Blumberg golf course was replaced with an inground holding tank.

The exterior of Windsor club house was recently painted and repaired.

Performance Measurement

The following summarizes performance indicators and measures of success the Agency achieved in 2011.

Indicator	Measure of Success
<p>Financial Financial return to the City and improvement of the golf course asset</p>	<ul style="list-style-type: none"> • Exceed the forecasted financial return to the City as contained in the business plan.
<p>Customer Service Continually improve the image that we portray to customers.</p>	<ul style="list-style-type: none"> • Respond promptly to customer complaints and enquiries, take appropriate action and provide timely feedback. • Improved staff appearance through adherence to uniform guidelines. Assessed through observation and independent checks. • Consistent use of appropriate greetings over the counter and on the telephone measured through observation, independent assessment and customer feedback. • Aesthetic and amenity improvements that meet with customer satisfaction as determined through user group feedback.
<p>Associated Services Improved service and image through provision of golf related services.</p>	<ul style="list-style-type: none"> • Did not meet merchandise sales targets. • Improved food and beverage quality and service in clubhouses and on courses. • Increased auto cart rentals.
<p>Environment Reduce harmful affects of maintenance practices and contribute to the long-term viability of golf courses.</p>	<ul style="list-style-type: none"> • Reduced use of harmful chemicals through licensed application and proper management. • Increased native vegetation and wildlife on golf course properties. • Recognition as an environmentally friendly golf course operation.

Issues and Challenges

The issues remain the same:

- Old maintenance equipment;
- Aging infrastructure;
- Increasing infrastructure deficit; and
- Deferred maintenance.

The above issues, coupled with unpredictable weather, lead to a diminished value in the golfing experience which in turn leads to a reduction in total rounds and increasing annual losses as golfers go elsewhere for their golf.

**Golf Services - Special Operating Agency
Notes to the Financial Projection
For One Year ending December 31, 2012**

1 DESCRIPTION OF BUSINESS

The SOA manages the golf courses operated by the City and administers the agreements for those courses under lease or contract to other parties. The intent of the Agency is to maximize the annual return to the City on golf operations and ensure the long term sustainability of the City's golf course assets.

2 ACCOUNTING POLICIES

The projected financial statements are prepared on the basis of generally accepted accounting principles.

The projections include the following significant accounting policies:

Inventory

Merchandise inventory is stated at the lower of cost and net realizable value.

Land

Land is recorded at values as determined by the City of Winnipeg Property Assessment Department as of January 1, 2002.

Buildings

Buildings are recorded at January 1, 2002 assessed values and projected additions are valued at estimated construction or acquisition cost. Buildings are depreciated on a straight-line basis at 4% annually.

Golf Course Improvements

Improvements are recorded at estimated total cost of construction. Improvements are depreciated on a straight line basis at the rate of 5%.

Furniture and other Equipment

These assets are being depreciated on a straight line basis at the rate of 10%.

3 HYPOTHESES

The financial projections have been based on the following hypothesis:

Green Fees

Green fees represent approximately 80% of total revenues. Projections assume that time available for play on all courses will remain constant in each of the five years. Weather variables, over which management has no control, represents the largest risk to attaining projected revenues.

4 ASSUMPTIONS - REVENUE

a) Green Fees

Green fee rates are projected to remain the same as the 2011 rates. The number of rounds is based on an average of 100,000 and a typical prairie golf season of 195 days.

b) Equipment Rentals

The auto cart fleet consists of 62 units (all owned). The fee per use will increase to \$32.00. Other rental equipment includes individual clubs, club sets and pull carts. Rates are assessed annually and adjusted to be competitive within the local market.

c) Merchandise Gross Profits

Golf Services will be aggressive in merchandise sales. Pro shops at the 18 hole facilities have been expanded and clothing lines have been introduced. Gross sales are projected to increase by 5%. WGS will continue to focus on the beginner and recreational golfer market with high-end sales being accommodated through selective purchasing and special orders. The effect of new major golf merchandise retailers in the Winnipeg market continues to challenge the SOA to achieve sales targets.

d) Concessions

Lower than projected rounds in recent years has affected concession revenues. The concession operation will continue to be scrutinized in an effort to increase sales.

e) Miniature Golf

The construction of a mini golf course at Crescent Drive GC has been suspended pending implementation of the Spa Development.

f) Other

Other revenues include the City's share of sport activity sales at Harbour View complex and miscellaneous income from promotions and special events. Revenues in this category are flat over the term of the plan.

g) Leasing Operations

Revenues from leased and privately contracted courses (net of property taxes and leasing support costs) are returned to the golf operation.

5 ASSUMPTIONS - EXPENSES**a) Salaries and employee benefits**

The SOA operates with the following staff compliment assuming that the mix of leased / contracted courses versus City operated courses does not change:

1 Chief Operating Officer (full time) WAPSO Exempt

1 Operations Assistant (full time) CUPE

1 Foreman II/III (full time) CUPE

51 seasonal CUPE Utility, Maintenance and Clerk positions (may vary due to operational requirements)

Salaries are based on existing grades with provision for increments. Projections include a 3% inflation factor. Employee benefits are estimated at 17%.

b) Professional & Consultative Services

The SOA is responsible for the Manager's retainer fee for Harbour View Golf Course and Recreation Complex.

c) Special Services - Non-Professional

Provision for cash pick up and security services as well as the Harbour View Golf Course and Recreation Complex Manager's retainer fee.

d) Allocated Departmental Costs

The SOA receives building maintenance services from the Planning, Property and Development Department. Funds are budgeted for routine and preventative maintenance, equipment repairs and replacements and special projects that are required to maintain current code, health and occupancy regulations and standards. The Agency will continually assess the cost of Planning, Property and Development providing building maintenance service against that of alternative methods of service delivery and will make adjustments based on cost effectiveness and service quality over the term of the business plan.

e) Auto Allowance

Auto allowance is paid as per provisions in the collective agreement.

f) Utilities

Heat, power and water charges are paid by Golf Services for all clubhouse and maintenance buildings.

g) Telephone

Telephone, cellular phone and alarm system charges are expected to remain constant. An inflationary increase has been projected.

h) Advertising

Advertising costs are budgeted to promote the Agency's activities and programs.

i) Rentals

Rental of auto carts, mobile concession carts, portable toilets and various maintenance equipment is required in situations where it is not practical or cost effective to purchase the equipment.

j) Training

Employees are trained in pesticide application, turf maintenance, customer service, supervisory skills and other programs that contribute to a more effective operation.

k) Other Parts and Accessories

Parts for aging equipment and irrigation systems.

6) ASSUMPTIONS - AMOUNTS ALLOCATED TO CITY**a) Property tax Equivalentents and Departmental Support Costs**

Property tax equivalentents have been estimated based on existing assessments and mill rates that would apply to Golf Course operations. Support Costs from the Planning, Property and Development Department consist of estimated variable costs of providing Financial, Human Resources/Payroll and Information Technology Services.

b) Office Accommodation Costs

The costs are as allocated by Civic Accommodations and apply to the office space allocated to Golf Services at 65 Garry Street.

c) Provisions for Payroll and Business Taxes

These imputed costs have been estimated based on the prevailing rates of taxation.

d) City's Return on Investment

The Return on Investment is in accordance with Council's transfer policy for SOAs.

7) ASSUMPTIONS - ASSETS AND LIABILITIES**a) Accounts Receivable**

Since the Agency's year-end normally occurs 1.5 to two months after the completion of the golf season, there are no trade receivables outstanding as at December 31.

b) Accounts payable and accrued liabilities

Normal trade accounts payable and accruals are projected to be nil based on the year-end timing referred to in a) above.

c) Due To/Due From the City of Winnipeg

The City extends an operating line of credit through the General Revenue Fund "Due To/Due From" account at prevailing rates of interest, and pays interest to the Agency at prevailing rates at such times in which the City owes money on current account to the Agency. The limit of this line of credit will be \$6.5M.

d) Retirement allowance and vacation liability

The initial liability of \$155,661 is based on the estimated monetary value of unused sick time and accrued vacation time at December 31, 2001. It is assumed that further vacation time will be taken as earned. An expense estimate of sick time payouts has been projected for that portion of possible payouts that have not been accrued as at December 31, 2001.

e) Long Term Debt

The City provides funds for golf course capital improvements using the Golf Course Reserve as the source of funds. Interest is scheduled at the rate of 6% and principal repayment is scheduled over ten years commencing two years after borrowing. A long-term loan has been provided by the City to finance the depreciable assets transferred to the Agency on start-up. The outstanding loan balance as at December 31, 2011 is \$4,029,924 and generates interest at the rate of 6%.

8) FINANCIAL PROJECTIONS

These projections have been prepared using assumptions that reflect Golf Service's planned courses of action for the period covered given management's judgment as to the most probable set of economic conditions, together with one or more hypotheses that are assumptions which are consistent with the purpose of the information but are not necessarily the most probable in management's judgment.

The reader should be cautioned that the actual results achieved for the period covered will vary from the information presented and that the variations may be material.
